SUMMARY OF QUALIFICATIONS

- Basic Understanding of Programming Languages such as C++ and Python
- Strong at handling high-stress situations due to other work experience
- Developed effective communication abilities through extensive collaboration with teams and interaction with a diverse range of individuals

EDUCATION

Bachelor of Science in Computer Science
Washing State University, Richland, WA

Expected May 2027

Associate Degree in Computer Science
Columbia Basin College , Pasco, WA

Relevant Coursework:

Program Design and Development C/C++

Data Structures C/C++

Introduction to Computer Architecture

Programming Fundamentals, Python

SKILLS

C++, Python, Excel, IT problem solving, Communication Skills, analytical skills, and work well under high stress.

PROJECTS

Banking System, CBC class project

- Wrote a program that simulated a basic banking system, taking in account information and balances and storing to a binary file, as well as calculating and applying interest rates depending on account type.

OTHER EXPERIENCE

Nuclear Material Handler, Framatome, Richland, WA

- **Managed high-stress situations:** Successfully handled multiple tasks and projects with tight deadlines and restrictions, demonstrating strong ability to work effectively under pressure
- **Problem-Solving in Fast-Paced Environments:** Quickly identified and resolved issues in high-pressure scenarios, ensuring continuous workflow and meeting project milestones.
- **Maintained Quality and Efficiency:** Delivered high-quality results consistently, even when faced with challenging and time-sensitive assignments.

Security Officer, Columbia Basin College, Pasco, WA

- **Attention to Detail:** Maintained meticulous records of incidents and security measures, showcasing a keen eye for detail that is crucial for writing clean, efficient code.
- **Communication Skills:** Engaged with a diverse group of people, including students, faculty, and law enforcement, enhancing my ability to communicate clearly and collaborate effectively with team members.
